NEWCASTLE FS: iPad 16gb Wifi \$699, 20" Apple Cinema Display

I've bought a 16GB wi-fi iPad but haven't really got any use for it so it is now up for grabs. Only used for about 20minutes

Can ship australia wide by registered post for max \$30

Sell: \$699 as it cost be well over \$800 to get it here.

ALSO

Recently purchased this monitor on this forum but really have no use for it as I purchased a 24" LED Cinema Display.

The display is the 20" Apple Cinema Display. It is in mint condition. It has no scratches or marks, and no dead or stick pixels. It comes with all original accessories, documentation and packaging.

The display was purchased in May 2008, and has had minimal use.

Display Model: M9177X/A.
 20" (viewable) active-matrix LCD.
 Resolutions up to 1680 x 1050 pixels.
 2x port USB 2.0 hub for easy connection of desktop peripheral devices.
 2x FireWire 400 ports to support iSight and other desktop peripherals.
 Single cable with brakeout to to DVI, USB and FireWire ports.
 Mini DisplayPort adapter may be required for some Macs.

Sell: \$290

Pickup in newcastle, cannot be posted by aus post due to the size, however the buyer is more than welcome to organise their own courier if they wish.
